Application for replacement of missing sheets can be made to the Membership Secretary where such requests will be considered. Generally, single sheets will be sent during a subsequent mailing to ensure costs are kept to a minimum unless a stamped self addressed large envelope is provided. (Stamped for "Large Letter" rate). Should a significant number of sheets need replacing, the Society reserves the right to make a small charge. Other sheets, not shown in this Index, have also been issued over the years. These were either extracts from trade catalogues, or publication abstracts and are obsolete and are not being reprinted or updated.
